

PSS-906DC

Order No.: 0273190

PRODUCTINFOS

Switch-mode power supply, DC 9 V/0.8 A,

high energy efficiency, corresponds to the EU ecodesign directive.

- Saves electricity costs due to a low power consumption in standby mode ($< 0.1 \text{ W}$)
- Compact lightweight design
- Protected against short circuit, overload and overheating
- Power LED
- 1.8 m connection cable
- Low-voltage plug 5.5/2.1 mm, positive pole at the internal contact

TECHNICAL SPECIFICATIONS

PSS-906DC

Category	switch-mode power supply
Input voltage	$\sim 100\text{-}240 \text{ V}/50\text{-}60 \text{ Hz}/155 \text{ mA}$
Output voltage	DC 9 V
Output current	800 mA

PSS-906DC

Cable length	1.8 m
Short-circuit protection	yes
Overload protection	yes
Overheat protection	yes
Admiss. ambient temp.	0-40 °C
Dimensions	38.7 x 68.4 x 68.4 mm
Weight	90 g
Position	A
