

# VRB-101S10

Order No.: 0012410

## PRODUCTINFOS

### Potentiometer, stereo, 10 k $\Omega$

- Linear
- Centre click
- Slotted 6 mm shaft
- For 18-tooth push-on buttons
- Nut fixing and PCB solder contacts

## TECHNICAL SPECIFICATIONS

### VRB-101S10

|                       |                             |
|-----------------------|-----------------------------|
| Resistance            | 10 k $\Omega$               |
| Characteristic        | linear                      |
| Power rating          | 0.2 W                       |
| Insulating resistance | < 100 M $\Omega$ / DC 500 V |
| Test voltage          | ~ 500 V/1 min.              |
| Tracking error        | $\pm 3$ dB, 0/-40 dB        |

**VRB-101S10**

Rotation angle

$300^{\circ} \pm 5^{\circ}$
