

## TM-22

Order No.: 0172140

**Price upon request**

### PRODUCTINFOS

#### Attention guaranteed!

With our range of reliable megaphones, we provide the perfect solution for each application. A few basic selection criteria will help you to choose the right unit. The operating range surely is the most important one. Here, the following applies: with increasing sound pressure (in dB), the operating range of the megaphone increases, too. Furthermore, it is possible to choose between megaphones with integrated microphone, with hand-held microphone or units with an additional wireless microphone. Each megaphone from MONACOR is supplied with power by standard batteries. As an alternative, a few units also feature a 12 V connection. Size, weight and power supply are further selection criteria for choosing the right megaphone. With these comparison criteria, you will surely find the ideal megaphone meeting your individual requirements very quickly.

#### Megaphone,

with piezo converter.

- Low weight and low power consumption due to piezo technology
- Built-in microphone
- Siren and acoustic signal, switchable

- Volume control
- Battery status indication

## TECHNICAL SPECIFICATIONS

### TM-22

|                            |   |
|----------------------------|---|
| Built-in microphone        | yes                                     |
| Hand-held microphone       | no                                      |
