

## PAB-303/WS

Order No.: 0255030

### PRODUCTINFOS

**This series of miniature PA speakers is suitable for versatile applications.**

The full range systems with neutral sound tuning impress by a good speech intelligibility and a high-quality music reproduction, no matter whether used as unobtrusive speakers in fixed installations, as near-field monitor speakers in mobile applications or even as a small full range solution with subwoofer support. The black or white systems with a compact and unobtrusive design can ideally be integrated into existing architecture.

#### **Miniature PA speaker system, 30 W, 8 Ω**

- Very compact full range system, closed
- 8 cm (3") full range speaker
- High-pass filter for application from 180 Hz on with an additional subwoofer
- High-quality MDF wooden cabinet in black (SW) or white (WS), with protective metal grille
- Multi-purpose positioning and installation options
- 4 x M8 threaded inserts for suspended installation
- 2 x M6 threaded inserts suitable for bracket LST-40
- 2 x SPEAKER jack in/out

## tools4music 02/2014

“Any company working at trade fairs, in the installation sector or PA sector should stock these miniature speakers for versatile applications. Due to the low weight, they can easily be installed at lightweight trade fair stands in a suspended way. The miniature speakers provide a very lively sound with a surprisingly high volume level for its size.”

- + 4-pole Speakon jacks
- + Workmanship
- + High efficiency
- + Price-performance ratio
- + Can be installed in any position
- + Choice of two colours
