

SUB/WS

Order No.: 1000663

PRODUCTINFOS

Subwoofer extension for Spottune speaker systems,

The Spottune SUB subwoofer is used in combination with the Spottune OMNI speakers as an addition to the Spottune speaker system. The subwoofer can be mounted either on the floor, on the wall or on the ceiling, depending on the requirements and spatial conditions. No cables are required for the connection to the central audio streamer Spottune STREAM, simply use plug-and-play.

Spottune wireless smart subwoofer,

as an addition to existing Spottune speaker systems for extending the bass reproduction.

- All-in-one smart subwoofer (built-in 200 W amplifier and receiver)
- 25 cm (10") bass speaker/driver of long excursion
- Closed cabinet design for optimum output power and extended bass reproduction
- Easy plug-and-play installation/connection to Spottune audio streamer STREAM
- Reliable and stable audio transmission in the frequency range of 1.9 GHz
