

## PA-6FD

Order No.: 0172300

### PRODUCTINFOS

#### Fault detection module

- For PA amplifiers PA-6240, PA-6480, PA-6600 and PA-1960
- Module transmits a 20 kHz pilot tone in order to monitor functions of the PA amplifier
- Floating relay contact will be opened in case of a fault
- Adjustable sensitivity

### TECHNICAL SPECIFICATIONS

#### PA-6FD

|                                |                                    |
|--------------------------------|------------------------------------|
| Description                    | fault detection module             |
| Suitable for                   | PA-6240, PA-6480, PA-6600, PA-1960 |
| Admiss. ambient temp.          | 0-40 °C                            |
| Weight                         | 44 g                               |
| Other features                 | 20 kHz pilot tone                  |
| Packing unit                   | 1                                  |
| Packing dimensions (W x H x L) | 0.075 x 0.04 x 0.085 m             |
